

Local Safeguarding Arrangements: Hepp

Hepp and HeppSY+ are committed to safeguarding participants, staff and visitors in all its outreach activities with young people. Safeguarding is a priority for the team and we aim to provide effective arrangements to ensure all learners are safe on University premises and where activity is delivered within their usual learning environment.

We recognise that:

- all children, regardless of age, disability, racial heritage, religious belief, sexual orientation or identity have an equal right to protection from all forms of harm or abuse regardless of setting.
- some children are particularly vulnerable because of the impact of prior experiences, their level of dependency, communication issues or other factors
- working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare and to the effective functioning of these arrangements wherever they may take place.

The work of the department is limited to:

- activity delivered face to face and via online and remote means in schools, colleges and other educational settings to young people and adults
- activity delivered at the university to young people and adults,
- communications with young people in relation to university study, permitted by phone calls, social media, emails and in-person enquiries.

This work may involve use of other relevant and approved third party platforms.

This document sets out:

- local arrangements for safeguarding young people and vulnerable adults who participate in our activities
- local guidelines for staff and volunteers in carrying out their responsibilities

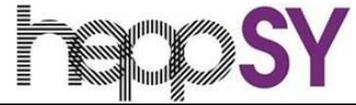

It sits alongside our policies, procedures and agreements on:

- photo consent
- code of conduct for staff and student ambassadors
- data protection
- recruitment and induction (SHU policy - Host Institution)
- health & safety (SHU policy - Host Institution)
- handling a disclosure

We will keep children and young people safe by:
