## Future Flyers – go for Launch!

While Hepp's core work is currently with secondary schools, following a successful pilot of our free primary schools programme for Y5/6, we are now launching it more widely!

Please make your primary feeder schools aware of our Launch Event next week where they'll be able to get an overview of the programme, look at the workshops and resources, and hear first-hand from a school who participated in our pilot year.

- Thursday 6<sup>th</sup> May
- 4-5pm
- Microsoft Teams
- RSVP to [hepp@shu.ac.uk](mailto:hepp@shu.ac.uk)

## Goodbye and Thanks

In the last few weeks, Hepp have said goodbye to not one but three Regional Activities Coordinators. While they have loved being part of Hepp and our widening participation mission, they have all found great new roles in other related areas of passion and interest:

- Sarah Brown has increased her number of days working with Sheffield Futures, delivering careers advice in schools, following the completion of a level 7 QCD (Qualification in Career Development).
- Ross Claydon-Mullins has secured a position as an Employer Engagement Coordinator at King's College London and can't wait to spend more time enjoying the delights of the capital.
- Mel Green will be taking on the role of Communications and Public Engagement Officer at the University of Leeds, building on skills and knowledge gained on the MA in Public Relations she completed last year.

We are incredibly sad to say goodbye to these colleagues. Since our re-launch in 2018, they have been the backbone of our team forging reciprocal relationships with our partner schools, and so many young people have benefited from our offer because of their tireless work. We hope you will join us in wishing them well for the future. We are currently recruiting new colleagues to carry on their outstanding work and in the meantime we are still here for you with lots to offer. Whilst we manage this transition phase, please direct all queries to Joe Abram at [J.Abram@shu.ac.uk](mailto:J.Abram@shu.ac.uk)

**Summer Term Delivery**

This half term we will continue to offer our engagements remotely. We still have a range of options available for you and your students including live remote delivery (subject to capacity) and our self-delivered pre-recorded presentations.

Please do get in touch to discuss how you can receive your full entitlement of engagements for this year.

We are excited that conversations are beginning to take place across the partnership regarding the return to in-person delivery. Unfortunately, due to the planning and consultation involved, we are not yet in a position to confirm when this will be. We will keep you updated in as timely a way as possible - please continue to check our [Covid-19 page](#) for those updates.
